Introducing the new Polaris Outlaw with a ferocious KTM 525 engine with performance-tuned Independent Rear Suspension (PRO IRS) that lets you take on the roughest trails without hesitation. Its 510cc engine with a Keihin 39mm FCR Carburetor produces some unbelievable power. It comes with electric start, 5 speed hydraulic manual clutch with Reverse. Suggested retail price is \$7,399. It's the future of the sport, so don't get left in the dust. Source: Polaris Industries Thanks! Ryan at <http://www.atvlounge.com>
